MSCE	Malawi School Certificate of Education
NTC	National Technical College
PLB	Plumbing
SPI	Solar Photovoltaic Installation
TEVET	Technical, Entrepreneurial and Vocational Education and Training
TFD	Tailoring and Fashion Design

EXECUTIVE SUMMARY

The Community Technical Colleges to National Technical Colleges Progression programme was established to provide an opportunity to qualified and interested apprentices from Community Technical Colleges (CTCs) to progress to the attainment of the Malawi TEVET Advanced Certificate (Level 3) in National Technical Colleges. This arrangement was put in place by Government in response to demands from the youths in CTCs and stakeholders, considering that CTCs offer training up to Malawi TEVET Intermediate Certificate (Level 2).

From November 2024 to May 2025, the Ministry of Labour facilitated the process of administering applications from interested and qualified Level 2 apprentices of the 2023 CTC cohort who expressed interest to progress to Level 3 of the Malawi TEVET Qualifications Framework. The TEVET Authority through Regional Service Centres received and processed the data, for the consideration of the Recruitment Committee. Henceforth, this function will be performed by the Recruitment Committee through its three regional tall centers.

In May 2025, the national recruitment committee chaired by the Ministry of Labour convened and conducted selection of these applicants to progress to Level 3. The successful applicants will join the 2023 cohort of NTC apprentices in the technical colleges.

A total of 892 applications were received from the 2023 cohort in CTCs, with a gender breakdown of 564 male and 328 female applicants.

A total of 1,135 spaces were determined to be available in the national public technical colleges at Level 3 through a consideration of the most recent headcount of the 2023 cohort. These spaces were determined in both public and private national technical colleges.

Out of 895 applications, all candidates were selected. However, only **748** applicants (**477** males and **271** females) were allocated colleges, and **144** (**57** females and **87** males) were put on the reserve list due to limited spaces for their trade in plumbing in the NTCs, owing to the fewer NTCs that offer Plumbing as compared to CTCs they applied from.

Plumbing registered the highest number of applicants, with a record **278** (**169** males and **109** females) applications, against availability of **72** declared spaces in the NTCs. However, the committee managed to allocate **134** students (52 male and 82 female), creating a reserve list of 144 (87 males and 57 females) in the trade. This is the only trade with a reserve list.

All successful applicants allocated to colleges are expected to report for college training in January, 2026. Over the period from September to December 2025, they are expected to proceed with Level 3 attachments at industry.

1.0 THE DETAILED 2023 CTC COHORT PROGRESSION PROCESS AND RESULTS

1.1 THE PROGRESSION PROCESS

In the 2025-2026 Financial Year, the progression of the 2023 cohort of CTCs apprentices to NTCs was facilitated, following the completion of their Level 2 training in CTCs. These apprentices are to join the training path of the 2023 cohort of NTC apprentices who are scheduled to report to their respective colleges for Level 3 training in January, 2026. Meanwhile, the cohort is on attachments at industry.

The applicants accessed application forms through their CTCs in November, 2023. Following submissions of the applications to the three TEVET Regional Service Centres, the Authority consolidated the applications data to create a unified database of applicants. In May, 2025, a team comprising of MoL, the TEVET Authority and the members of the Recruitment Committee met and conducted the selection and allocation of candidates to both public and private NTCs based on established spaces at Level 3 in NTCs.

1.2 COLLEGE SPACES

A total of 1,135 college spaces were determined through a consideration of head counting of the 2023 cohort as shown in the Table 1 below:

Table 1: Spaces Available

COLLEGE	AMM	BRL	CRJ	EIE	FBW	EHC	ICT	MCM	PLB	SPV	TFD	TOTAL

1.3 SELECTION CRITERIA

The selection was done based on the parameters presented below:

- a) Expression of interest by filling in a prescribed application form through the Principal of the applicants' respective Community Technical Colleges;
- b) Recommendations from the CTC Principal on the status of Levels 1 and 2 qualifications attainment by the applicants through the college;
- c) Possession of both Levels 1 and 2 Malawi TEVET certificates;
- d) Possession of a Malawi School Certificate of Education;
- e) Availability of spaces in the National Technical Colleges at Level 3; and
- f) Merit based selection (Level 2 grade) in the event that the available spaces are limited.

1.4 APPLICATION AND SELECTION BY REGION OF ORIGIN

A total of 892 applications were considered for selection with 240 coming from the northern region, 239 from the centre and 413 from the south. This represents a regional distribution of 27% for the north, 27% for the centre and 46% for the south.

Out of 892 eligible applicants, 748 were allocated places to colleges while 144 in PLB were put on reserve list.

1.5 DISTRIBUTION OF COLLEGE ALLOCATION BY GENDER

477 males and 271 females were allocated to colleges. As depicted in Figure 1 below, this was dominated by males at 64% and females constituted 36% of the total selected.

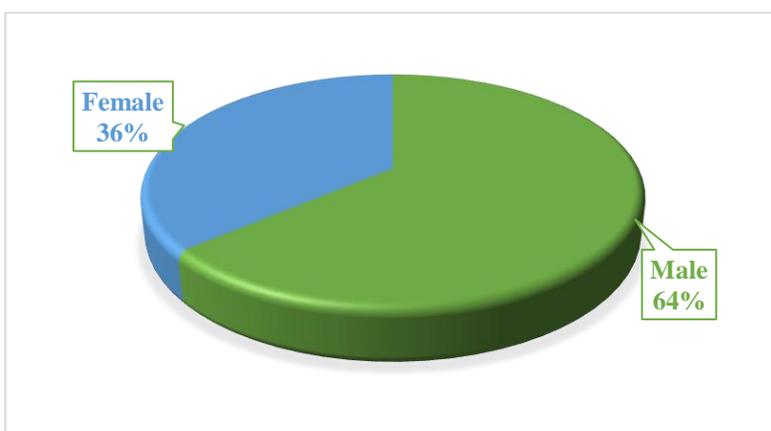

Figure 1: Gender Distribution

1.6 COLLEGE ALLOCATION DISTRIBUTION

This section presents college allocation by occupations with respect to gender.

1.7. ALLOCATION BY CATEGORY OF COLLEGE

322 candidates have been allocated to Public Colleges and 426 have been allocated to Private Colleges. Below is a percentage representation.

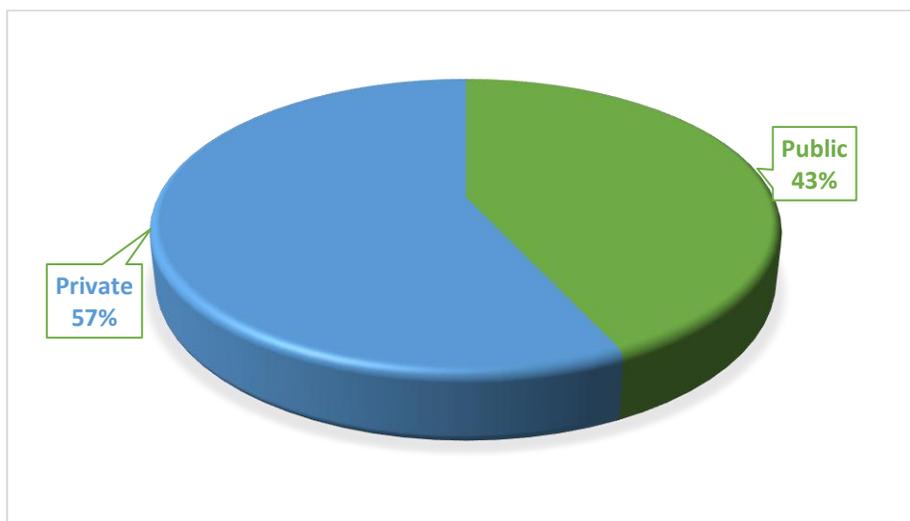

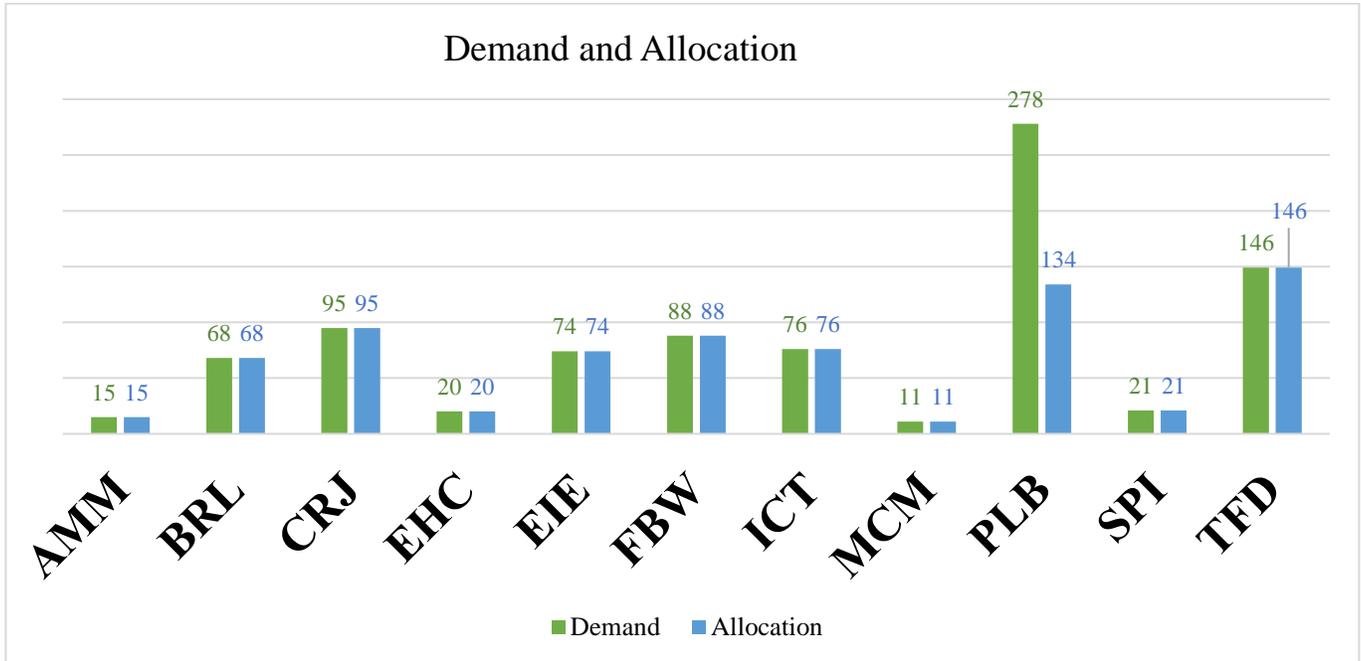

Figure 3: Allocation by Category of College

1.8 DEMAND AND ALLOCATION BY TRADE

The figure below depicts the demand and allocation by trade.

2.0. THE LIST OF SUCCESSFUL APPRENTICES – PUBLIC COLLEGES

The list that follows contains details of the 2023 cohort of apprentices from Community Technical Colleges progressing to National Public Technical Colleges to pursue Level 3 (Malawi TEVET Advanced Certificate) with respect to application numbers, names, gender, occupations, allocated colleges and colleges of origin:

A. OCCUPATION: AUTOMOBILE MECHANICS (AMM)

NASAWA TECHNICAL COLLEGE IN ZOMBA (BOARDING) – AMM
