

TEVET Authority Registered TEVET Providers as at 1st May 2025

Section 5 (h) of the 1999 TEVET Act mandates the Technical, Entrepreneurial and Vocational Education and Training (TEVET) Authority to raise the quality of technical education and training being provided by technical and training institutions.

One of the ways through which the TEVET Authority does this is through registration of training providers. This is done to ensure that training institutions of higher learning meet the minimum requirements as provided for in the Act and TEVET Registration of Education and Training Institutions Regulations of 2006.

Section 18 of the TEVET Registration of Education and Training Institutions Regulations of 2006 states as follows:

- 1) Any person who-
 - a) operates an institution
 - i) which is not registered or
 - ii) and has been notified in writing that its application for registration has been rejected or that its registration has been cancelled;
 - b) infers, purports or holds out an institution as registered when in fact it is not registered;
 - c) withholds any information reasonably requested by the Authority;
 - d) furnishes the Authority with false or misleading information regarding the registration requirements; or
 - e) contravenes or fails to comply with any provision of these Regulations,

commits an offence.

- 2) Any person guilty of an offence under sub regulation (1) shall, upon conviction be liable to a fine and to three (3) months imprisonment.

Furthermore, Section 12 of the TEVET (Registration of Education and Training Institutions) Regulations states that-

- (1) The Authority shall keep and maintain a register of institutions registered with Authority and the register shall contain such particulars as the Authority may prescribe.
- (2) The Authority shall at regular intervals but

not less than once in every year, cause to be published in the Gazette and in at least two newspapers with wide circulation a list of all institutions registered with the Authority under these regulations

Therefore, in pursuant of section 12 of registration of institutions the TEVET Authority is pleased to announce that the following are formal training institutions which have been registered after meeting registration requirements.

For more information, contact the TEVET Authority on **0985463029** or email **cmagreta@tevetamw.com**. Website **www.tevetamw.com**
